

**Please join members of Sacramento's diverse faith communities in a march to support the U.N. Climate Change Conference in Paris and California's efforts to reduce greenhouse gas emissions.**

We will meet at 11am on the **South Side** of the Capitol in Sacramento (near the corner of N St. and 11th St.), walk to the confluence of the Sacramento and American Rivers in Discovery Park, and then walk back to the **South Side** of the Capitol. Speakers will address the marchers at 1pm in Discovery Park and at 3pm on the **South Side** of the Capitol. See [www.sacsfbcan.globalbcn.org/actions](http://www.sacsfbcan.globalbcn.org/actions) for more information and a route map for the march.

**Together, let us send the message that we want our leaders to take vigorous and effective actions to help solve the climate crisis.**
